

Little Interest Evidenced In Demo Primary Next Week

Overshadowed by the Democratic and Republican Conventions, a Democratic primary election slated for Tuesday has slipped up on Mississippians virtually unheralded.

Two seats in Congress are at stake, including the sixth congressional district's.

The dean of the Mississippi delegation in Congress, William M. Colmer, is seeking re-nomination; while Wayne L. McClure, Hattiesburg salesman, is the Pascagoula congressman's opponent.

McClure, in his mid-30s, is venturing into politics for the first time. He is a hefty former University of Tennessee football player and one-time Golden Gloves boxer.

In the Fourth District Rep. John Bell Williams of Raymond, now in his fourth term, is seeking re-nomination. He is opposed by Wallace R. Hailey.

A 10th District chancery court will also be decided. "The sovereignty of the several states and the rights of the people to manage their own affairs, set out plainly in Article X of the Constitution, are under attack from many quarters," Colmer stated. "The Supreme Court decision on school desegregation is a blow to the traditional segregation in all areas of society, the efforts to concentrate supreme power in a strong central bureaucratic government are but a few examples of such attacks upon the liberties of all our people as defined in the Bill of Rights by the Founding Fathers."

The next two years, in my opinion, are crucial. The way should go a long way toward determining whether our treasured institutions and liberties are to be destroyed or preserved. Colmer, who is serving his 12th term, concluded.

This is a list of Managers and Peace and Returning Officers for the election to be held August 28, 1956.

FOUR TEACHERS ADDED TO FACULTY AT BAY ST. LOUIS CENTRAL SCHOOL

Four teachers have been added to the faculty of Bay High School for the 1956-57 session. Robert Vernon Magee, Tyler, Miss., is a recent graduate of Mississippi Southern, and will teach High School Science. Miss Ruth Longest, who will teach Eighth grade and Girl's Physical Education, is a graduate of Delta State Teachers College and has done graduate work at the University of Mississippi. Miss Longest is from Bruce, Miss. Ray Holyfield, a student at Mississippi Southern and a native of Moss Point, Miss., will teach Seventh Grade. Social Studies in Eighth Grade will be taught by Russell Knight, a graduate student from Mississippi Southern College, who is from Slate Springs, Miss.

The High School will offer again a course in Driver's Education, for high school students of the proper age and grade. Renovations are being completed on the High School building to improve its usefulness for the coming years. C. C. McDonald, Jr., local contractor, has done the work on the building. Funds for these improvements were obtained from the State on the basis of the number of students in the Bay St. Louis Public Schools and the average daily attendance as set up by the Legislature of 1954.

A Homemaking and Shop Building for the Valena C. Jones School will be a future project with funds being obtained from the same source. At a later date, classrooms for the Elementary students will be built under the same plan, thereby giving Bay St. Louis a well planned and equipped group of school buildings. The expansion has been brought about as a result of reorganization of schools in Hancock County as set up by the State.

Johnson S. Shaw, member of the Hancock county board of supervisors, was elected chairman of the state board of supervisors in an annual meeting held at the Buena Vista Hotel in Biloxi last week.

Pass Christian Council OKs Project

Pass Christian city council Monday night formally approved the plan for the new Pass Christian Heights, a \$4,000,000 residential and commercial sub-division in the northwest section of the city.

Work is underway laying out streets and lot divisions for the residential area.

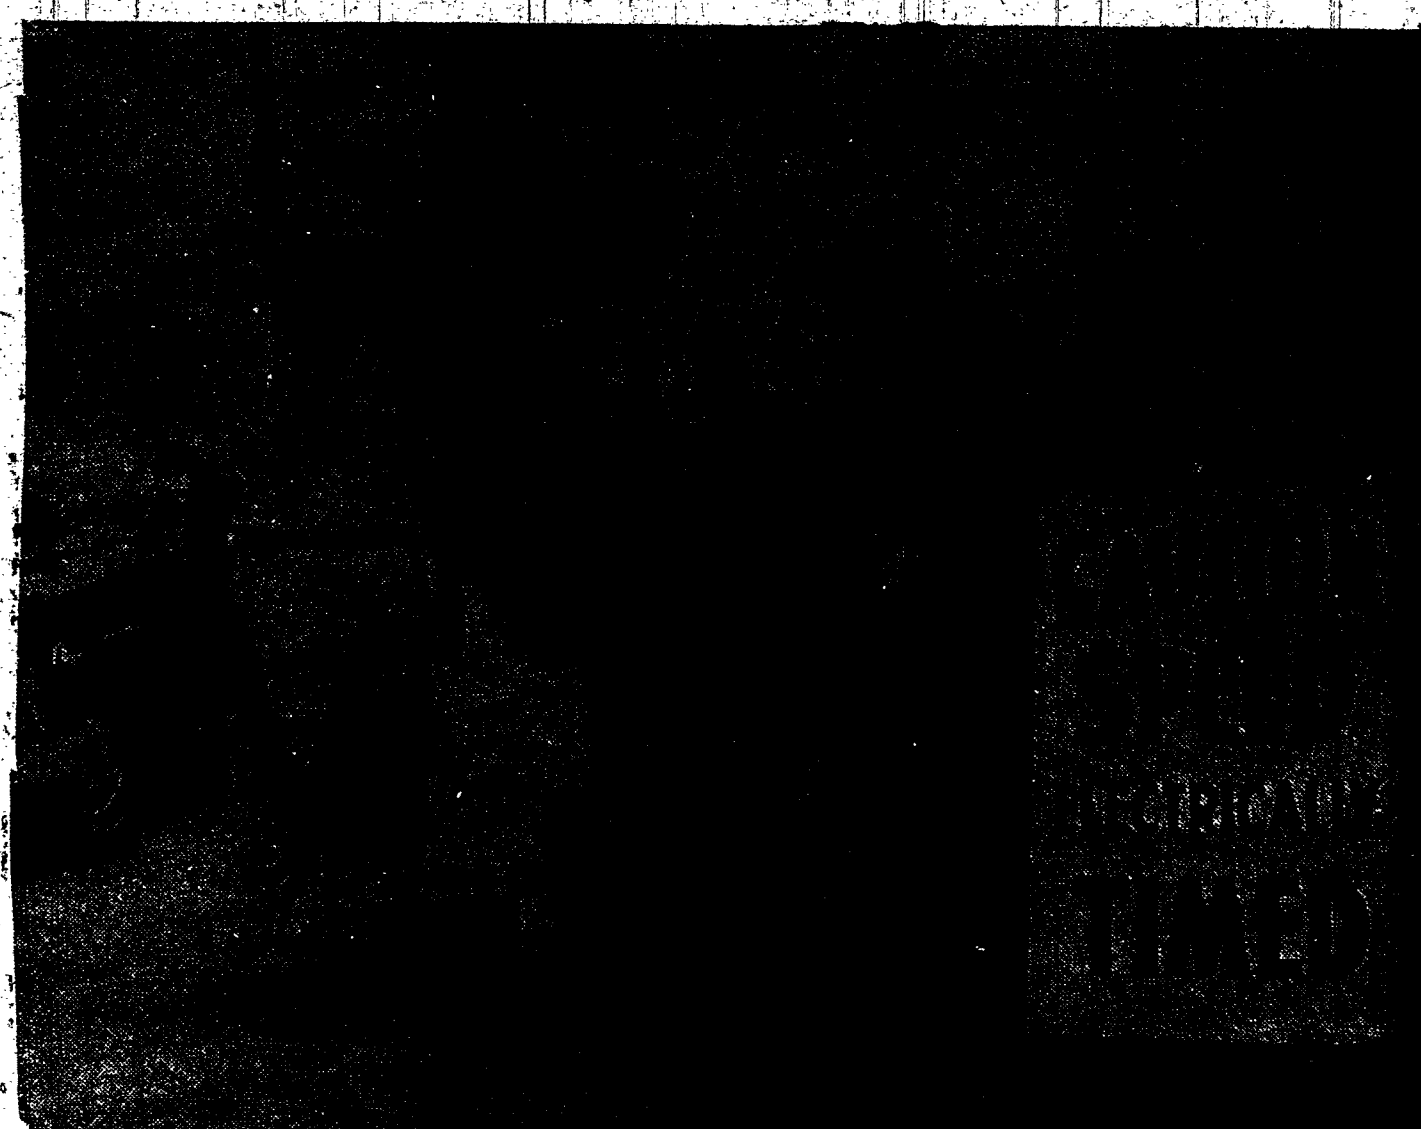

The council discussed court and harbor developments, but took no positive action.

The discussion regarding the possible increase of the tax levy by two mills was deferred because of the absence of school authorities. The millage increase would provide additional funds for the school teacher salaries.

BAY-WAVELAND YC SCENE OF SUPPER

City Installs Electric Timer In Move To Halt Speeders

SPEEDERS BEWARE—An electric speed timer is being operated by Ptn. Pat Garcia, kneeling, while Mayor John Scafield and chief of Police Alcine Sautier, I-R, look on. The speed control device will be in operation on Bay St. Louis streets for the next two weeks.

An electric speed timer has been acquired by Bay St. Louis officials in an effort to stem the growing problem of speeding in the city.

The safety control device was put into operation Wednesday and will be used day and night for the next two weeks in different sections of the city.

Mayor John Scafield said that due to many complaints received by his office during past months regarding speeders in Bay St. Louis, the city decided to rent the traffic timer for the rest of August, and plan to use the machine periodically.

The device is set up with two rubber hoses across the roadway, 88 feet apart. As a vehicle runs across the first hose a needle begins registering, like a speedometer but in reverse, and is clicked off when the second hose is crossed. Two switches, for left and right lanes, allow officers to register speeds of vehicles moving in either directions.

The device is more accurate than radar, which is correct to two miles of an hour.

Chief of Police Alcine Sautier and his department will man the timer during the two-week period. Chief Sautier said there can be no mistaken thought of a "speed trap" as publicity is given to the operation, and a large sign telling of the timer can be seen by motorists as they approach.

However, Mayor Scafield warns that after the first few days of the operations the signs will not be used.

The Mayor declared that all traffic violators will be fined. A plea was made by city officials to motorists that during the final days of vacation time and the approach of school they be especially watchful for the children in the city.

Danish Scouts Enjoy Bay Visit

Four Danish girl scouts were the guests of Bay St. Louis Marine scouts Friday and part of their entertainment included a sail over the Bay of St. Louis.

Members of the Epejper, Denmark's girl scout organization, the girls, Sonja Meyer, Copenhagen; Anne Lise Anderson, Haslev; Birgitte Brochner, Norre Sundby; and Kirsten Kynne Frandsen, Thisted; came to the United States June 19 to attend a girl scout jamboree in Michigan.

They have been in Mississippi since the first of August and plan to leave for their homeland aboard the SS United States Aug. 31 from New York.

"The people here are so friendly," Miss Meyer exclaimed when asked of an impression of America.

While on the Gulf Coast the girls visited Bay St. Louis and Harrison county landmarks.

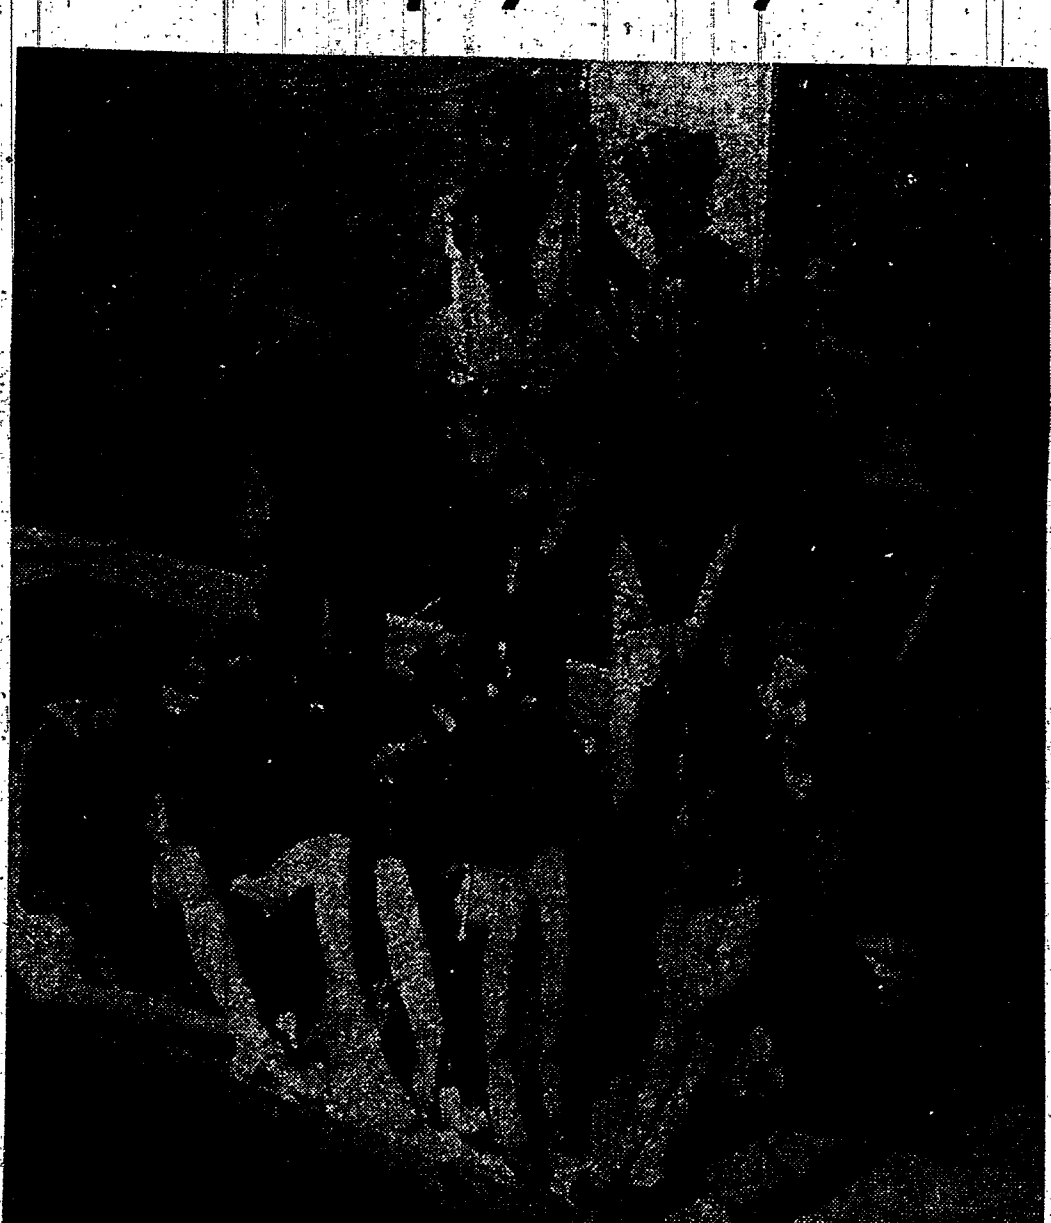

Henderson Point Civic Ass'n Meet Sat.

There will be a meeting of the Henderson Point Civic Association at the Gus Sager Estate, Saturday, August 25, at 3 p.m.

Approval will be sought for several important projects and for the appointment of two new Board members.

Mr. William Leftwich, President, Pass Christian Isles Property Owners Association, will be guest speaker.

Refreshments will be served promptly at three o'clock. All members are urged to attend.

DELIGHTED DANCES—Four Danish girl scouts are pictured at the upper left on a sailboat along with Bay St. Louis Marine Scouts. The quartette spent a day of their three weeks visit to Mississippi on the Gulf Coast and plan to leave for their homeland next week.

Tots UCCW Guests

Twenty-six happy children returned to the Methodist Home in Jackson last Friday afternoon, after an enjoyable five day vacation in Bay St. Louis as guests of members and friends of the Bay St. Louis United Council of Church Women. This project, now in its second year, was undertaken after Mrs. Leo Seal and Mrs. T. T. Robin reported to the Council on their visit to the Home early in 1955. They told of the longing of the children for a happy home life and a feeling of belonging. The Council unanimously adopted a plan whereby a bus load of children selected by the Home as being most in need of such a vacation be sent to Bay St. Louis for a stay of several days. The plan proved so successful that it was adopted again this year.

The purposes of the Council of Church Women—to unite women in the building of a World Christian Community and to provide a means for Christian Fellowship across denominational lines on a city wide basis—were well evidenced by the fact that members of seven denominations united in their efforts to care for the children.

Those who opened their hearts and their homes to the youngsters included Mesdames Fred Rose, Robert Torgersen, Charles Lozano, Joseph Edwards, J. William Hill, Don McCulloch,

ARM DANGLES FROM TRUNK AS CAR SPEEDS AWAY FROM HANCOCK CAFE

As a Hancock county service station attendant started to put gasoline in an automobile Monday night the trunk flew up and a woman's arm dangled out. An occupant of the car yelled "beat it" and the car sped away, still being sought by Mississippi and Louisiana law officers.

J. Warner, operator of the Coppage motel and restaurant on Hwy. 90, 7 miles west of Bay St. Louis, was attending a late model black-and-white Ford when the trunk flew up and a few inches of a woman's arm hung out. Warner said a woman in the car yelled to a man driving westward toward the Louisiana-Mississippi state line without receiving gas.

Sheriff Sylvan Ladner was immediately notified and along with deputy R. L. Teshard they made a search as far as the state line, questioning service stations on the possibility that the couple had stopped along the way. They failed to find a clue. Mississippi and Louisiana highway patrols were also alerted.

Comley Sale, Pioneer, La., who was in the cafe at the time he also saw the incident, said he saw the arm and the arm fall out of the trunk.

ATU agents under the supervision of Fred Shanks, Gulfport area supervisor, cracked down on two still sites within a two-mile radius of the Rocky Hill Church in the county and confiscated the stills with 120-gallon and 93-gallon capacity.

Also destroyed were 34 60-gallon drum fermenters and 2,040 gallons of sugar-rye mixture. No whisky was seized and no arrest made, Shanks said.

Morris Trial To Stay In Hancock Co.

The Dale Morris murder trial, set for mid-September at the Hancock county court house, will not be moved from Bay St. Louis, according to defense counsels.

Howard McDonnell, Biloxi, said reports that he had planned to seek having the trial moved to another Mississippi Gulf Coast town were erroneous.

Montana cowboy Morris, 38, has been held in Gulfport and Pascagoula jails since the fatal shooting of Charles Flink Sr., 39, Nov. 22, 1955. Last March 29, a spectacular four-day case ended in a mistrial, one juror having held out for Morris' innocence.

Flink, operator and owner of a novelty shop on Hwy. 90, four miles west of Bay St. Louis, was twice shot on a November night while investigating a noise outside home, behind the store.

The following day Morris was apprehended in New Orleans and was held in connection with the slaying.

District attorney Boyce Holleman built the state's case around circumstantial evidence. Two main witnesses, Mr. and Mrs. Robert Larkey, Ocean Springs, testified they were with Morris the night of the shooting, but said after Morris

became "obnoxious" they were asked out of his car near Flink's home, and later, Larkey said, he thought he heard a shot, and still moments later the couple said they saw Morris pass by as they were trying to hitch a ride back to Ocean Springs.

Holleman had asked the death penalty. Cornelius Ladner, Bay St. Louis, is also a defense attorney.

Belvedere sure to delight local Theatregoers next weekend

By VICKI HILL

Watching rehearsals for the Bay St. Louis Little Theatre's next release one is convinced that a full evening's wholesome entertainment is promised. It is the sort of play which so many of you have requested. Revolving around the domestic affairs of a delightful family which includes two intriguing boys and a decidedly male baby sister, one is at the same time interested as well as amused.

If you have seen any of the "Belvedere" series which have come out of Hollywood you will not want to miss this version of a most unusual and unforgettable character. The Bay Little Theatre endeavors to give its subscribers the best possible entertainment and has seldom failed in its attempt. "Belvedere" with Paul White in the lead will not be a disappointment and we urge all of you to attend, non-members as well as subscribers. The play is under the direction of Dr. John Husband who is a professor of English at Tulane University. Dr. Husband's handling of story has an individual finesse.

Playing the young husband is Rex Rector, a new-comer to Bay St. Louis as well as to our Theatre. Mr. Rector has had extensive experience in planning and executing shows for the U.S. O. overseas in the last war, but this will be his first time in the acting medium. His naturalness as Harry King adds conviction to the fact that his talents are diversified. Jane Wiggins who has played several successful roles in the group prior to this one will be seen as Tracy King, mother of two robust boys. Jane candidly (and refreshingly) admits that she had no experience before joining the local Little Theatre, which proves that an inveterate interest can accomplish the seemingly impossible. Jane's short career with this organization should be encouraging to all those who would like to take part in amateur dramatics, but who hesitate for lack of experience.

Two of the most interesting characters in the play are Mike Larroux and Ricky Stechmann. Mike comes from a family replete with talent and he carries the line. Ricky will be seen for the first time on our boards and has a flair for acting that is equal to Mike's.

The play and the players are so full of interest that one could write at length concerning them, but you will have to chalk up the date and just come out and see what delightful entertainment we have in store for you. Scheduled for August 30, 31 and Sept. 1 those of you who must return to New Orleans will have ample time to come and bring your guests.

Mrs. Gordon Romanoff, American Legion Auxiliary President, has received a letter from the state department secretary, Mrs. T. E. Webb, stating that the circulation department of the Auxiliary had moved, therefore causing some mixup in the membership cards for 1956.

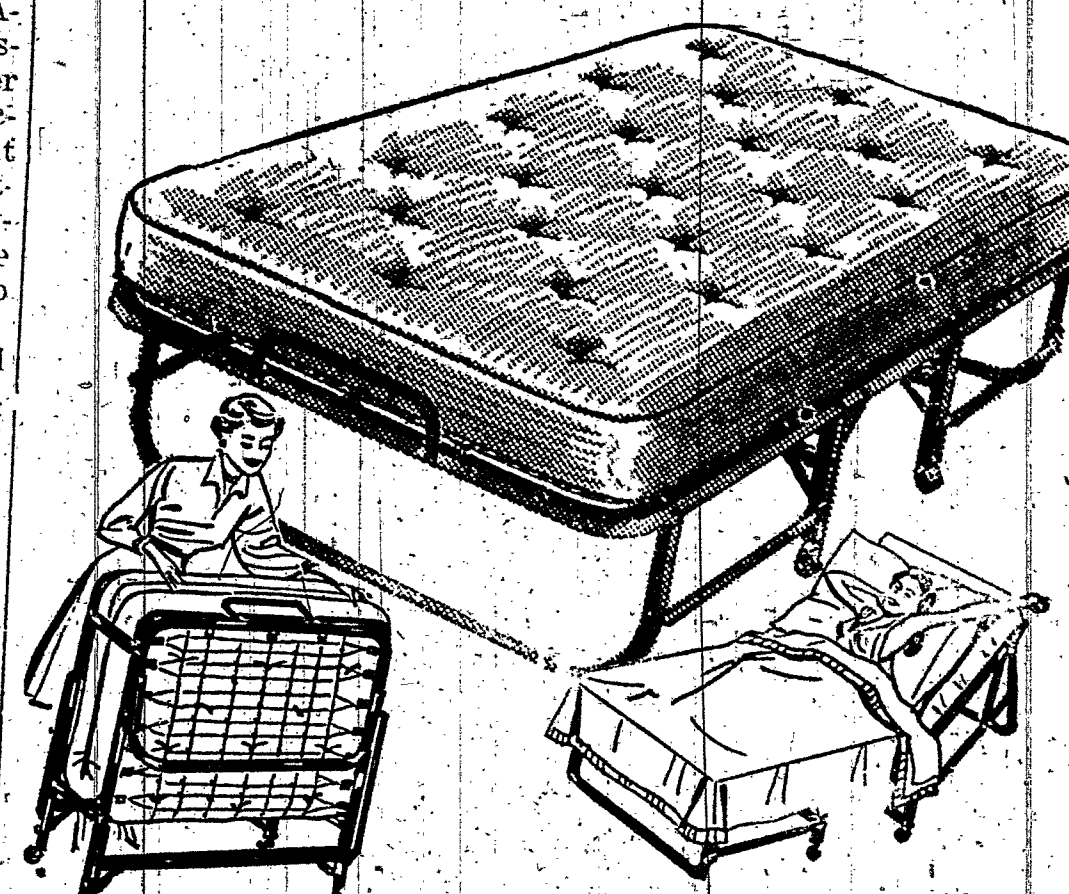

This year a new system will be used for membership cards, and every effort will be made to see that each member gets her 1957 cards. Even though all members receive a card last year they are on record as a member of the Auxiliary in the state and national departments.

Ever notice what a backward race women are?

For example, when a man squeezes a toothpaste tube, he squeezes it from the bottom. A woman starts someplace above the middle. Women strike a match away from themselves, men the other way. Women kiss with their eyes shut, men with theirs open.

When undressing, a man takes his shoes off first. A woman takes her shoes off next to last. A woman looking at her fingernails holds her hand straight out, palm down. A man holds his hand palm up, bends his fingers toward himself.

A woman never consumes a piece of candy without first biting it in half to see what's inside. A man gobbles up the whole piece.

And a woman driver never turns right without first swinging the steering wheel left. A woman turns the gas on, then looks for a match. A man finds the match first.

And on and on it goes.

Last week a Texas family on a vacation

outing stopped at a service station in Rockwall, Texas for gas and cold drinks. Their small boy, playing outside the car, was bitten by a dog. The lad was comforted by his parents and the family resumed its trip. Later, it was discovered by the service station operator that the dog had rabies. Remembering the boy who was bitten and having no idea who he was or where he lived, the man appealed frantically to the press, radio and television in an effort to locate the family so the child could be given anti-rabies treatment.

Time was running out as the Pasteur treatment, as it is called, must be started soon after exposure. Finally, the parents of the child, equally horrified, heard the appeals, and rushed the child from their home in Dallas back to Rockwall to the service station to be identified by the owner. Sure enough, he was the boy.

Now this small child must be subjected to a cruel series of fourteen shots to prevent an agonizing and certain death from rabies. How easily this could have been prevented!

This could happen in our town. We have many strays running our streets and not all have been inoculated against rabies. There have been numerous children bitten by stray dogs this summer—as have two of our own. Fortunately, both dogs had had their shots. Still, the children had to be taken to a physician for tetanus boosters.

We love animals. The dog isn't the only culprit and offender. But, pet lovers and owners are obligated to their friends, neighbors and fellow citizens. . . AND their pets. . . to be sure they are protected against this terrible disease.

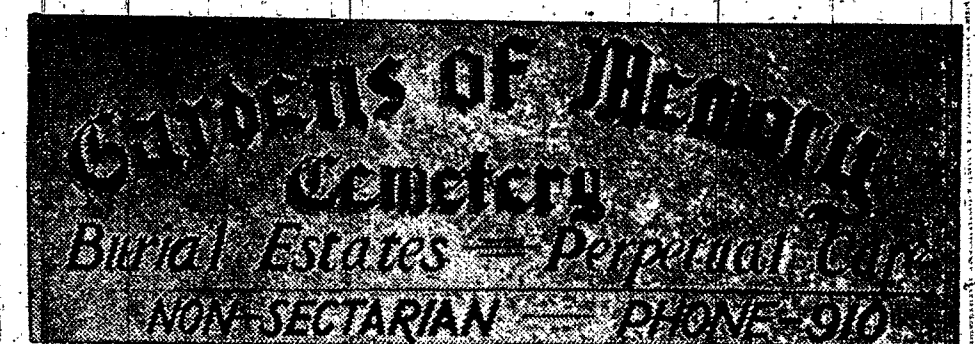

Anti rabies shots for your pets are available at a small fee and every pet should have them. People who are agnostic at the idea of not protecting their children against smallpox, tetanus, polio and the like, have adopted a tepid attitude about protecting their pets; hereby endangering anyone who would come in contact should the pet become rabid.

BILL COLMER

Will Keep South Mississippi In A Place Of Leadership And Influence In Congress In These Crucial Times For The South And The Nation.

★ Ranking Member

And spokesman for the Deep South on the powerful Rules Committee, through which all legislation funnels, Colmer gives Mississippi a powerful voice in the councils of the American Congress.

★ Leader Of House Southern Group

Chosen first in 1948 by his Dixie colleagues as their leader, Colmer this year provided the drive and the generalship that stalled the mis-called civil rights bill to death. He co-sponsored the Southern Manifesto and originated the "Warning of Grave Danger" (Second Manifesto), refuting the propaganda of the NAACP that the Federal Government should force—with bayonets, if necessary—the South to do its will.

Take Time To Vote Tuesday,
Aug. 28th

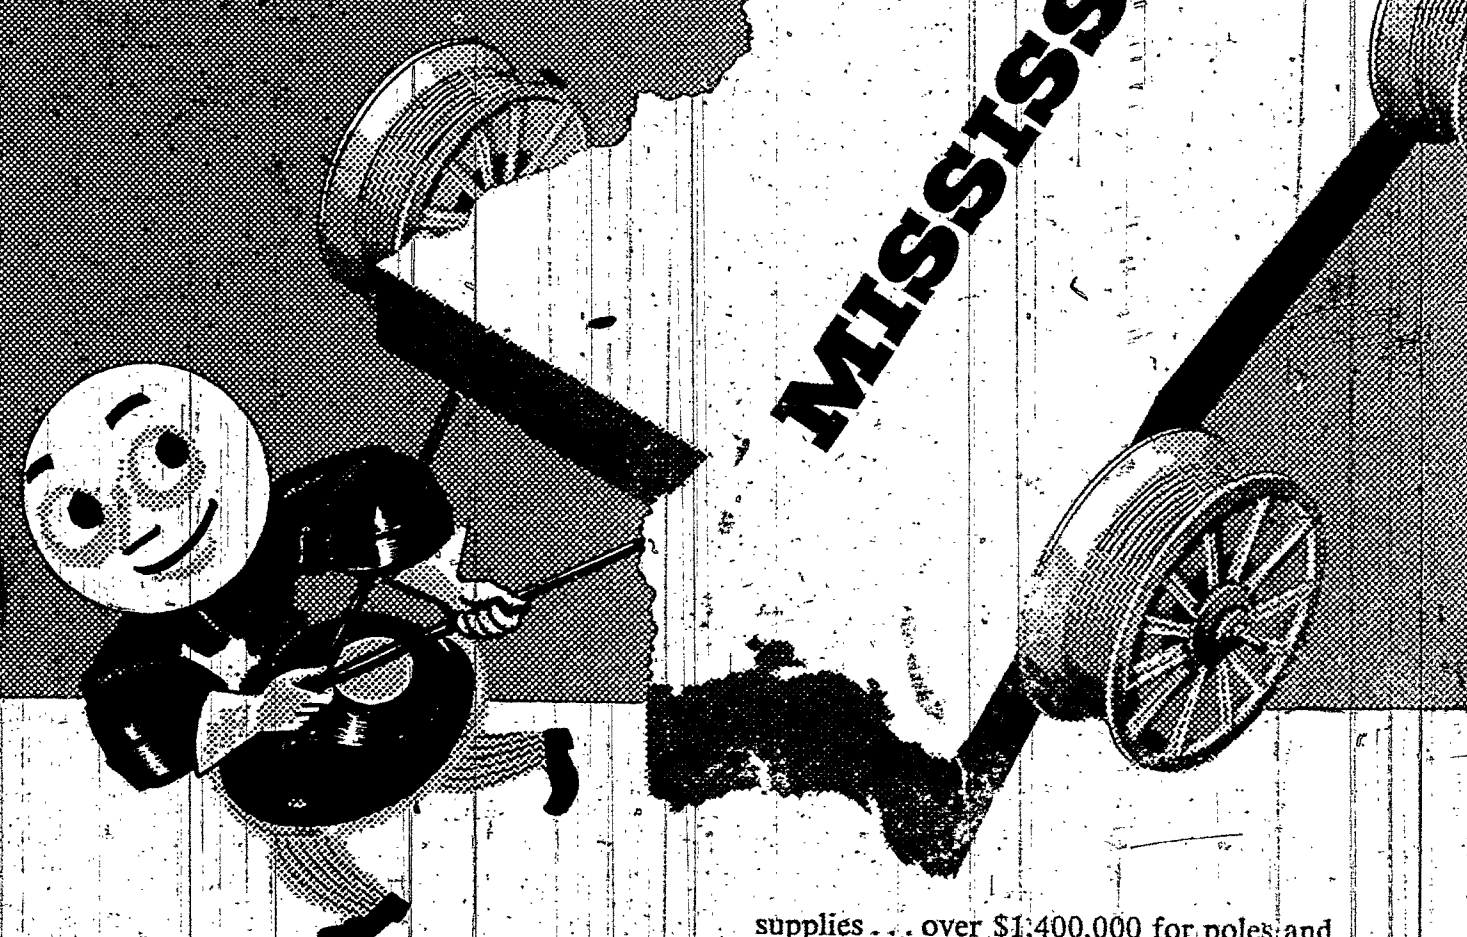

Let's take nothing for granted. Let's send Bill Colmer back to Congress with the kind of endorsement, his effective, conscientious service for all the people deserves.
